

# BUG HUNT

by: Michael Rosen

## SONG

A-hunting we will go  
A-hunting we will go  
We'll catch a  
(insert any insect here)  
and put it in a box  
and then we'll let it go!

## MOVEMENT

### BUG YOGA

## RAISING A READER

Read a story without looking at the words. What do the pictures tell you that the words do not?

## STORY EXTENSION

Make Bug Houses - Using a recycled tissue box or other box go outside with your child and collect leaves, grass and sticks to put inside. Leave outside over night and see if any come inside the box.

## COOKING

Make some [Bug Snacks](#)

## CRAFT

Make some insects using your fingers. Using an inkpad, have your child make fingerprints all over the paper. Turn single thumbprints into butterflies and spiders, make 3 little finger prints in a line for ants and caterpillars, or maybe an index finger and thumbprint next to each other for flies and bees
