STORY EXTENSION IDEAS

- Use playdough to shape your favorite foods.
- Make cereal bracelets using yarn or pipe cleaners, loop cereal (such as fruit cheerios or fruit loops), and an egg carton or muffin tin. Have your child sort the cereal by color into the muffin tin or egg carton. Fold one end of the pipe cleaner or tie a knot at one end of the yarn and have your child start threading the cereal. With older children you can encourage them to make patterns (ie: red, green, red, green)

IDEA OF THE DAY

Pipe Cleaners and Colander

Have your child stick pipe cleaners in the holes of a colander. This is excellent for practicing fine motor skills!
