

DID YOU KNOW...

- that you are your child's first and most important teacher?
- that your home is your child's first classroom?
- that children learn best through play?
- that the more you read and speak to your child, the better he or she will do in school?

ParentChild+ helps families in their role as their child's first and most important teachers.

Our Early Learning Specialists show you fun ways to help your child learn at home through toys, books, and play.

HOW PARENTCHILD+ WORKS

The ParentChild+ model strives for every child to enter school ready to succeed because every parent has the knowledge and resources to build school readiness where it starts: the home.

Enrolled families can expect to meet with an Early Learning Specialist twice per week during the school year.

Visits are 30 minutes each, take place in the home, and are scheduled at a time that is convenient for the family.

Each week families receive a high quality educational book or toy that they keep to help support learning.

ParentChild+ can assist caregivers with their needs for housing, employment, education, and other family needs.

ParentChild+ provides FREE books and toys.

ELIGIBILITY

- Children must be between 15 months and 4 years old
- Families must live in Plymouth
- Parent education and income restrictions may apply
- Participation is not dependent on citizenship status or languages spoken

To learn more about the ParentChild+ program call 508-830-4444.

ParentChild+

Equal Possibilities From The Start

ParentChild+ graduates are 50% more likely to be prepared for kindergarten than their peers.

ParentChild+ graduates scored 2.5x higher on social-emotional skills than their peers.

ParentChild+ graduates enter school performing 10 months above their chronological age.

ParentChild+ participants have 30% higher graduation rates than their underserved peers.

I've seen so many changes [in my son]. He's got patience, he's willing to listen, and he knows his colors, he knows his shapes, he can count to twenty now. When he goes to school, he's going to have confidence. It's beautiful for him, I love it.
